Adding Value to the Markets we Serve

PUMPING – Your prime source for pumps

SPLIT CASE PUMPS

- Flows to 80,000 usgpm
- Heads to 600 feet
- Cast Iron/Bronze, 316SS
- Horizontal, Vertical

PROCESS CENTRIFUGAL PUMPS

- Flows to 4,000 usgpm
- Heads to 650 feet
- Cast Iron, 316SS,
- Fiberglass, Teflon
- Horizontal, Vertical
- Magnetic Drive

PRESSURE BOOSTER SYSTEMS

- Flows to 4,000 usgpm
- Pressure to 300 psi
- 304SS, 316SS
- Multistage
- Vertical
- Horizontal

VERTICAL TURBINE PUMPS

- Flows to 400,000 usgpm
- Heads to 3,500 feet
- CI/Bronze
- 316SS

SOLIDS HANDLING PUMPS

- Flows to 8,000 usgpm
- Heads to 500 feet
- Cast Iron, Rubber, 316SS
- Horizontal, Vertical

IN-LINE BOOSTER PUMPS

- Flows to 3,000 usgpm
- Heads to 600 feet
- Cast Iron, 316SS
- Close Coupled
- Split coupled
- Frame Mounted

PUMPING – Your prime source for pumps

METERING PUMPS

Precision Metering Pumps

- Flows to 26 usgpm per head, Pressures to 17000 psi
- 316SS, Plastic
- Process Applications
- Multi Head, Horizontal Configurations

FILTRATE PUMPS

- Flows to 20,000 gpm
- Heads to 400 feet
- Cast Iron
- 316SS

MECHANICAL SEALS

- Split Mechanical Seals
- Up to 9"

SUBMERSIBLE PUMPS

Sump and Drainage Transfer

- Flows to 1500 usgpm, Heads to 600 feet
- Cast Iron, 304SS, 316SS
- Sump and Dewatering Services
- Submersible Configurations

SUMP PUMPS

- Flows to 2,500 usgpm
- Heads to 900 feet
- Cast Iron, 316SS
- Fiberglass
- Vertical
- Motor Driven
- Air driven

CONTROL & MONITORING

Pump Protection and Health Monitoring

- Variable Frequency Drives
- Pump Protection from Upset Conditions
- Continuous Vibration Monitoring
- Pump Health Status Indicator
