Adding Value to the Markets we Serve

PUMPING – Your prime source for pumps

GENERAL PURPOSE PUMPS

Water Transfer & Boiler Feed

- Flows to 5000 usgpm, Heads to 800 feet
- Cast Iron, 304SS, 316SS
- Water Booster Systems
- Multistage, Vertical and Horizontal configurations

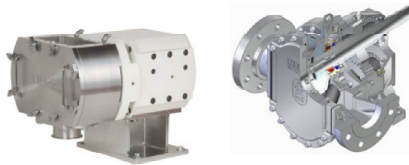

PROCESS CENTRIFUGAL PUMPS

Water & Chemical Service

- Flows to 6000 usgpm, Heads to 700 feet
- Cast Iron, 316SS, Exotic Metals, Non-metallic
- Process Applications
- Horizontal, Vertical, Close coupled

PROCESS LOBE PUMPS

Heavy Fluid Pumping

- Flows to 3000 usgpm, Pressure to 170 psi
- Cast Iron, 304SS, 316SS
- Process Applications
- Horizontal, Hopper Style Suction

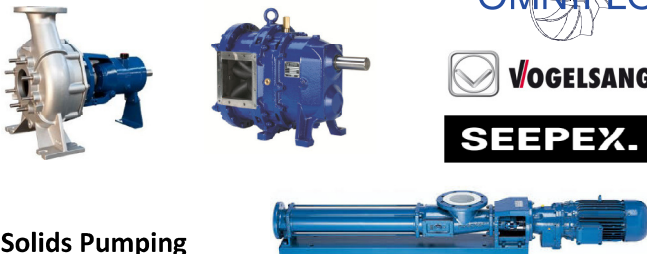

SCREW PUMPS

Heavy Fluid Pumping

- Flows to 820 usgpm, Pressure to 230 psi
- Steel, 304SS, 316SS
- Process Applications
- Horizontal, Vertical Configurations

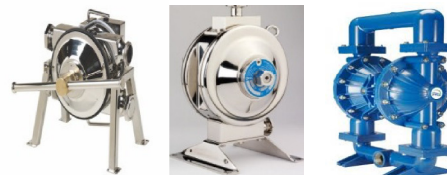

SOLIDS HANDLING PUMPS

Solids Pumping

- Flows to 8000 usgpm, Heads to 260 feet
- Cast Iron, 316SS
- Process Applications
- Horizontal, Vertical Configurations

AIR OPERATED DIAPHRAGM PUMPS

Transfer and Feed

- Flows to 180 usgpm, Pressure to 105 psi
- 304SS, 316SS
- Process, Transfer Applications
- Multistage, Vertical and Horizontal configurations

PUMPING – Your prime source for pumps

METERING PUMPS

A MEMBER OF NIKKISO
LEWA
pumps + systems

MVV
GEAR PUMPS

Precision Metering Pumps

- Flows to 26 usgpm per head, Pressures to 17000 psi
- 316SS, Plastic
- Process Applications
- Multistage, Horizontal Configurations

MECHANICAL DIAPHRAGM PUMPS

WASTECORP
Pumps®

Fluid Transfer

- Flows to 300 usgpm, Pressure to 80 psi
- Cast Iron
- Water Booster Systems
- Horizontal Configurations

HIGH PRESSURE MULTISTAGE PUMPS

GOULDS
PUMPS

GOULDS
WATER TECHNOLOGY
a xylem brand

FAT
PUMPS

Water Transfer & Boiler Feed

- Flows to 600 usgpm, Heads to 1000 feet
- Cast Iron, 304SS, 316SS
- Water and Chemical Services
- Multistage, Vertical and Horizontal Configurations

SUBMERSIBLE PUMPS

GOULDS
WATER TECHNOLOGY
a xylem brand

TSURUMI PUMP

BARNES®

Sump and Drainage Transfer

- Flows to 5000 usgpm, Heads to 600 feet
- Cast Iron, 304SS, 316SS
- Sump and Dewatering Services
- Submersible Configurations

SUMP PUMPS

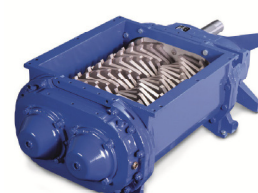

GOULDS
PUMPS

CIP

Water Transfer & Boiler Feed

- Flows to 2000 usgpm, Heads to 80 feet
- Cast Iron, 304SS, 316SS, High Chrome Iron
- Sump Services
- Vertical, Submersible Configurations

GRINDERS AND CHOPPERS

VOGELSANG

Solids Handling

- Flows to 4400 usgpm, Pressure to 80 psi
- Cast Iron, Steel, 304SS, 316SS
- Solids Size Reduction
- Horizontal, Hopper Configurations
